

Goku you've got to destroy Frieza.

I can't, he's too powerful... wait a minute what am I saying? You're going down Frieza.

You've lost this battle Frieza. Kamehameha!

We're going to Burger King.

Skip the fight, we're going to Taco Bell.

I said we're going to Taco Bell!

You're going down samurai kitty..... Hey where'd he go?!

Kitties will always be better than humans.

Give up Goku you've lost.

You'll have to defeat me first you fraidycat that's why you can't face me face to face.

I can't let the argument get to me. Or let him catch me off guard.
